QB Profile Ziploc Omelets

June 2006

These are great when all your family is together and the best part is that no one has to wait for their special omelet!

Ask everyone write their name on a quart-size Ziploc freezer bag with permanent marker.

Crack 2 to 3 eggs into the bag (do not use more than 3 eggs)

Put out a variety of ingredients such as; cheeses, ham, sausage, onion, green pepper, tomato, salsa, etc and ask each person to add ingredients of their choice in the bag. Make sure to get the air out of the bag and zip it up.

Shake until well blended.

Place the bags into a large pan of rolling, boiling water, turn down the burner to medium heat and cook 10 minutes for a two egg omelet or 12 minutes for a three egg omelet. Turn burner off and let the omelet steam another three or four minutes.

Open the bags and the omelet will roll out easily. Be prepared for everyone to be amazed.

This makes entertaining easy at your next party or family get together.
